ZIYANG CHEN

Ann Arbor, MI 48105 ♦ (734) 881-5343 ♦ czyang@umich.edu

PROFESSIONAL SUMMARY

Energetic and self-motivated master student majors in computer vision with a strong foundation in math, logic, and coding seeking a summer 2019 Software Development Engineer Intern.

SKILLS

- C/C++, PYTHON, Matlab, Julia, R
- Windows, Linux, *Latex*, HTML/CSS, JavaScript

WORK HISTORY

Software Development Engineer Intern, 03/2018 to 05/2018
Freesense Image Inc. – Shanghai, CN

- Involved in the project of Detection of Car LCD Screen with R&D department.
- Implemented an auxiliary system based on Deep Learning and Faster-RCNN that detects and classifies the objects on the LCD screen and improved the accuracy on large-scale datasets.

SELECTED PROJECTS

Design of Evaluative System for Online Car Hiring Service: Shanghai, Didi Chuxing Technology Co.

- Applied China-Word-Vector & Recurrent Attention Network to train the deep learning model which can capture opinions and analyze sentiments.
- Built a website in full stack with Python Flask and HTML+CSS/JS to provide online services.

Driver's Alarming System in Vehicle, SJTU, Summer 2016

- Used OpenCV to write a Python program to detect whether the driver's eyes are closed or not.
- Captured picture and sent alarm by running programs in Raspberry Pi.

RESEARCH EXPERIENCE

Research Assistant, 09/2019 to Current
IOE Research Lab, University Of Michigan – Ann Arbor, MI

- Research Topic: Online Bipartite Matching Algorithm
- Coded the corresponding algorithms in Python

EDUCATION

Master of Science in Engineering: Computer Vision, Expected in 05/2021
University of Michigan - Ann Arbor - Ann Arbor, MI

- Course to select: Machine Learning, Data Science and Computer Vision
- Received Lums Fellowship

Bachelor of Science in Engineering: Electrical And Computer Engineering, 09/2015 to 08/2019
Shanghai Jiao Tong University - Shanghai, CN

- Graduated in Top 6% of Class & Graduated magna cum laude
- Coursework: Programming Language, Algorithms, Data Science, Computer Network
- Minored in Entrepreneurship
